

Wire Medusa

reddot winner 2021

This product introduces new quality of visual and spatial experience in its class.

Wire medusa's form refers to the classic archetype of the chandelier. A clear dimensional shape is composed of individual segments of bent wire. Despite its size it feels airy and light. The wire is bent perpendicularly. The parallax effect accentuated by the light emanating from the lamp's centre, creates a sculptural spectacle. It is an engaging experience in space. By moving around it, we can see the interplay of shapes and light. Shadows cast onto walls, give off a mysterious and sophisticated feel.

Every lampshade is made of identical segments that are arranged around the light source.

Wire Medusa

reddot winner 2021

EN This light fixture offers a new quality of visual experience in its class. The shape of the Wire Medusa luminaire is based on a classic chandelier. The distinctive spacious shape consists of individual pieces of wire. Despite its size, it appears lightweight and open. The parallax effect, emphasized by the light emanating from the center of the lamp, creates a sculptural spectacle. As you walk around the lamp, you can see the interplay of shapes and light.

Wire Medusa was awarded the prestigious Red Dot Award: Product Design 2021

Designed by Kabo & Pydo – Design Studio

DE Dieses Beleuchtungsprodukt führt eine neue Qualität der visuellen Eindrücke in seiner Klasse ein. Die Form der Wire Medusa-Lampe knüpft an klassische Kronleuchter an. Die klare räumliche Form besteht aus einzelnen Drahtelementen. Trotz ihrer Größe wirkt die Lampe leicht und einladend. Der Parallaxen-Effekt, der durch das aus der Mitte der Lampe ausgehende Licht verstärkt wird, schafft ein skulpturartiges Spektakel. Wenn Sie um die Lampe herumgehen, sehen Sie ein beeindruckendes Zusammenspiel von Formen und Licht.

Die Wire Medusa Leuchte wurde mit der prestigeträchtigen Auszeichnung Red Dot: Product Design 2021 ausgezeichnet
